DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-6, drawn to a Process of Conveying, classified in class 198, subclass 617.
 - II. Claims 7-12, drawn to a Process of Storage and Dispensing, classified in class 222, subclass 1.
 - III. Claims 13-15, drawn to a Process of Pulverizing, classified in class 241, subclass 23.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions Group I, Group II and Group III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case, the inventions have different operations as well as different functions, for example: the invention of Group I is drawn to a process of Transporting whereas, the invention of Group II and Group III are drawn to the process of Storing and the process of Pulverizing, respectively.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John M. Husar whose telephone number is (703) 308-6178. The examiner can normally be reached on Mon.- Fri. during normal business hours.
